Copyright and Ethics Form

Manuscript Title

Full names of all authors (in the order appearing on manuscript)

Name & affiliation of the corresponding author

Email: **GSM:**

On behalf of all authors, I, as the corresponding author, accept and declare that;

1. The manuscript entitled written above is my/our own original work, and I/We believe that the manuscript represents valid work;
2. Neither this manuscript nor one with considerably similar content under my/our authorship has not been published or is not currently being considered for publication elsewhere, except as described in the title page;
3. All authors participated in the work in a considerable extent in the preparation of this work, collection or the analysis and interpretation of the data (when applicable), as well as the writing of the manuscript, and are prepared to take public responsibility for the work;
4. All named authors have seen and approved the manuscript, as well as the order of authors as submitted. There are no other persons who satisfied the criteria for authorship but are not listed;
5. The research was approved by an ethical research committee and complies with the rules of Declaration of Helsinki (Ethical Principles for Medical Research Involving Human Subjects) 2013 [World Medical Association. World Medical Association Declaration of Helsinki: Ethical Principles for Medical Research Involving Human Subjects. JAMA. 2013;310(20):2191-2194. doi:10.1001/jama.2013.281053], or other relevant bioethical guidelines [e.g. International Guiding Principles for Biomedical Research Involving Animals issued by CIOMS. Vol. 8, Veterinary Quarterly. 1986. p. 350–2. doi: 10.1080/01652176.1986.9694068];
6. The text, illustrations, and any other materials included in the manuscript do not infringe upon any existing copyright or other rights of anyone;
7. I/we agree that, if requested by the editors, I/we will provide the data/information on which the manuscript is based, for examination by the editors or their assignees;
8. While We retain the copyright, We grant the Journal right of first publication with the work simultaneously licensed under a Creative Commons Attribution License
9. I, and all co-authors, agree that the article, if editorially accepted for publication, will be licensed under the Attribution License 4.0 CC BY, and through licensing my/our work under CC BY, I/We grant users the right to unrestricted dissemination and re-use of the work, with only the one proviso that proper attribution is given to authors.
10. ◉ I confirm that no artificial intelligence (AI)-based tools were used in the preparation of this manuscript.
11. ○ I confirm that artificial intelligence (AI)-based tools were used in the preparation of this manuscript. ("The authors have thoroughly reviewed, verified, and supervised all AI-generated outputs, and accept full responsibility for the accuracy and integrity of the final content.")
12. As the corresponding author, I warrant that "Journal of Clinical Innovation and Health Editors" will not be held liable against all copyright claims of any third party or in lawsuits that may be filed in the future. I will be the only person who will be liable in such cases.

Authorship Contribution Form

Manuscript title	
Corresponding author	

To become an author, an individual must have made a significant contribution to the study by meeting 4 criteria presented in the table below.

1. He/she must make substantial contributions to the conception and design, or acquisition of data, or analysis and interpretation of data.
2. He/she must contribute to the drafting the article or intellectually review or criticize the content of the article
3. It is the responsibility of all authors to approve the final version of the article before it is published.
4. He/she must have participated sufficiently in the work to take public responsibility for the content.
5. Those who do not meet the specified number of contributions and conditions should be mentioned in the final "Acknowledgements" section of the article.
6. The terms stated here are regulated in accordance with the rules of the Scientific Committee Editors (CSE) and the International Committee of Medical Journal Editors (ICMJE). For more details, please see: https://www.councilscienceeditors.org/resource-library/editorial-policies/cse-policies/retreat-and-task-force-papers/authorship-task-force/https://www.icmje.org/recommendations/browse/roles-and-responsibilities/defining-the-role-of-authors-and-contributors.html

Contribution	Description	Authors
